

## Rearsby Lodge Riding Club Help Form

**Please complete this form in order for your *membership to be accepted. It is a compulsory part of your membership that you help twice a year. It does not have to be a full day. Half days are acceptable.* If you fail to return this form completed another help form will be sent to you and will need to be returned before your membership will be active. Thank you to all who helped during 2007.**

**How to complete the form: You must tick at least 2 dates IN EACH TABLE (a total of 4 dates when you can help).**

**We are asking you to tick 4 dates so that if you are unable to help at a show that you originally thought you were available for, then we can ask you on an alternative date.**

**I appreciate that the vast majority of you join to compete at shows which therefore makes helping difficult on our show days. However, the majority of the committee members either compete or have children that compete themselves. This makes competing impossible when all the committee members are organising and running every single event.**

**Please can I urge you to allow yourself to be available to help or at the very least ask a friend or relative to help on your behalf. If all members pull together and help twice a year the shows will be able to run successfully.**
